## A Word from Our Pastor:

Dear Family of Peace,

On Sunday, May 7 Peace will be beginning a five part series on “Understanding and Helping People with Mental Health Issues”. This will be our focus during the adult Sunday School hour. The purpose of the study is to learn how to be more intentional in our spiritual care of people. Each week an expert will be visiting Peace to share their insights on the subject and better equip us to serve those who truly need assistance.

Take a moment and answer the following true/false questions regarding suicide.

True \_\_\_\_\_ False \_\_\_\_\_ About 50 percent of the people who attempt suicide actually succeed.

True \_\_\_\_\_ False \_\_\_\_\_ People commit suicide because it is the only way they can see out of unbearable emotional pain.

True \_\_\_\_\_ False \_\_\_\_\_ Women attempt suicide more often than men, but men successfully complete suicide more often than women.

True \_\_\_\_\_ False \_\_\_\_\_ Once a person is suicidal, the person will always be suicidal.

True \_\_\_\_\_ False \_\_\_\_\_ The Bible says that those who kill themselves have committed an unpardonable sin.

### Answers:

False. Authorities estimate that for every person who dies by suicide, between 8 and 20 others attempt suicide without dying. *Source: Stephen Ministry.*

True. People who commit suicide frequently see their lives as hopeless. They feel trapped by increasing stress coupled with decreasing ability to cope. Dying can seem much preferable to continuing to live with such pain. *Source: Stephen Ministry.*

True. Women attempt suicide three times more often than men. However, there are over four times as many suicides among men as women. *Source: Stephen Ministry.*

False. Among adult psychiatric outpatients, approximately 40 percent who commit suicide have made previous attempts. With help from a professional, some can heal and leave thoughts of suicide behind. *Source: Stephen Ministry.*

False. The Bible does not specifically address the morality of suicide. Certainly there is the commandment against killing, and other passages tell us to take care of our bodies, but no commandment specifically forbids suicide. In fact Hebrews 11:32 Samson is identified as a great example of faith in God. Yet Samson took his own life while taking revenge on his enemies (Judges 16:30). *Source: Stephen Ministry.*

There are many commonly held myths about suicide and mental health. It is time that we unmask those myths and find ways to better minister in Jesus' name to those who need assistance.

Make it a priority to be in adult Sunday School this month to hear from the community's experts on some very relevant topics. Here is what we have scheduled:

- May 7 Suicide and Suicide Awareness
- May 14 Depression with Dave Jackson as our guest. Dave works for Friends of the Family Ministries.
- May 21 Dementia with Jerry Wylie. Jerry is a member of the Dementia International Alliance.
- May 28 Schizophrenia with Mike Rincon. Mike is the founder of Compassion Ministries.
- June 4 Anxiety and Overcontrol Tendencies with Kent Schnake.

Jesus surely came to give us an abundant life filled with joy. What I like especially of our upcoming series is that each of the experts understands and believes that true joy comes from Jesus. By His power and strength, we receive full healing. May the Lord continue to work through us as we deliver that joy to others.

In Jesus' Name,  
*Pastor Lucke*
